HAS $300 AND MYSTERIOUSLY DROPS FROM SIGHT

S. O. S. CALLS BRING HELP TO "IRVINGTON"

MANY TUGS IN THE BAY RUSH TO HER RESCUE

Repeated "S. O. S." wireless calls, together with several lengthy blasts of her whistles for assistance, resulted in a score or more of launches and tugboats racing to the side of the freighter "Irvington" off Ferry Point last evening where she had been rendered helpless through engine trouble. The first of the "S. O. S." calls were received at the marine office of the Standard Oil company in this city, which sent its tanker tender, the "Dispatch" to render assistance to the disabled vessel.

Shortly afterward several Crowley launches and Red Stack tugs from San Francisco and Sausalito came tearing through the waters of the bay to the ship's side.

The vessel had been seen by the marine lookout on the Standard Oil Long wharf proceeding down the bay shortly after 6:30 o'clock, following which she seemed to be in distress between the Santa Fe company's pier at Ferry Point and Angel island.

For some time the giant freighter seemed to be attempting to back away from the island where she had evidently ran into shoal water following which she again headed in the direction of the Standard Oil Long wharf.

When but half the distance had been traversed, the vessel again made a sharp turn and headed in the direction of Ferry Point. Just opposite the Southampton shoal buoy the "Irvington" suddenly seemed to stop, following which she sent out several piercing whistle shrieks for assistance, at the same time flashing the "S. O. S." calls.

The first boat to reach the vessel's side was a government tender bound from the government coaling station near California City to Mare Island.

Shortly after the government vessel had eased itself up to the side of the freighter, the Standard Oil launch "Dispatch" arrived, as did a Crowley tender and two Red Stack tugs.

The big vessel was then "snaked" by the two tugs and towed to San Francisco.

CARMEN PICKNICKING AT EAST SHORE PLAYGROUNDS

Fifteen hundred employes of the San Francisco-Oakland Terminal railway lines are today making merry at East Shore park.

The morning was spent by the picnickers in various athletic contests, at the conclusion of which a baseball game in which the Conductors faced the Motormen was pulled off, the latter winning by a score of 8 to 5.

Early in the afternoon a luncheon was served underneath the trees of the park by a number of the employes' wives.

The committee which had charge of the day's affair was headed by Superintendent Charles Donnelly of the local division, who was ably assisted by D. S. DeLaney, W. O. Brink, H. C. Kettle, H. Moyle, E. G. Lundberg, H. H. Williams, R. G. Huestis and C. L. Carter.

BERKELEY WOMAN FEARS MAJORS HAS BEEN KILLED

Fearing that John Major, residing at the corner of Second and Barrett avenue, this city, and an employe at the Standard Oil refinery, who has been missing since Sunday, has been a victim of foul play, Mrs. A. H. Hart of 1422 Addison street, Berkeley, today appeared at the police headquarters and asked that a search be made for the man.

"I know that something has happened to Major," sobbed the aged woman as she scanned the countenances of the men in jail for the face of Major.

When asked if she was in any way related to Major, the woman replied that she was not, but that she had always acted as a kind of benefactress for Major, and upon having made a visit to the rooming house at which he was stopping found him gone, was positive that he had been done away with.

Mrs. Hart, a stranger in this city, alighted from a street car at Sixth street and Macdonald avenue this morning and inquired at the Fern Leaf cigar store as to how she might get to the police headquarters.

While talking to W. Crane, proprietor of the store, the woman gave vent to her feeling in such a hysterical manner that it was thought that she might have to be given medical attention.

Who is she, and why she is causing the search for Major, is proving a puzzle to the police, especially to Inspector George Betts who was detailed on the case.

DESCRIPTION OF MISSING MAN

Height—Five feet, eleven inches.
Hair—Reddish brown.
Moustache—Same color as hair.
Age—Forty years.
Wore brown striped suit and a derby hat when last seen.

"The last time I saw Major," stated Mrs. Hart, "he had $300.00 and knowing him to be rather wild in some of his actions, I am almost positive that he has been done away with for his money."

Henry Trautvetter, proprietor of a saloon, at the corner of Second street and Barrett avenue, stated that he knew Major, having met him on several occasions, but was of the impression that he had been removed to the Craven hospital where he was reported as undergoing a treatment.

"There is no one of that name in the hospital at the present time, nor has there been at any time," stated Mrs. H. Scharkopf, head nurse at the hospital today.

This statement coming from the hospital added more mystery to the case which Chief of Police Walker with his inspectors are attempting to unravel.

PRISONERS AT COUNTY JAIL ESCAPE FROM THE GUARDS

While the back of Guard Howard Brent, in charge of the "chain gang" prisoners at the county jail was turned for a few seconds yesterday afternoon, Francisco Villa, a Mexican, recently given a six months' sentence by Superior Judge R. H. Latimer for having attempted a daring robbery upon the residence of John Lottman, a Stege brewer, broke away from his fellow prisoners and escaped into the hills back of Martinez, where he is still in hiding.

As the guard and a posse of deputy sheriffs started in pursuit of Villa, another prisoner, Manuel Garcia, serving a like sentence for highway robbery at Crockett, also broke ranks and fled.

Sheriff R. R. Veale and several automobiles containing deputy sheriffs immediately started after Villa and Garcia but up to a late hour today had failed to find any trace of the men.

MOUNT LASSEN IS CAUSING MUCH UNEASINESS

A. Brunner, a painting contractor of this city, is congratulating himself on the "good fortune" as he calls it, which allowed him to get home before Mt. Lassen whose yawning crater he looked into recently had made its 102nd eruption.

The path which Brunner and a forest ranger had trod on their recent trip to the crater is reported as having been wiped out by a heavy flow of molten lava and hot rocks.

Brunner claims that faint rumblings could be heard on various sides of the mountain and that he had expected at any minute to see a volume of lava shoot into the air.

LAWS COST PEOPLE $303 EACH, SAYS CONTROLLER

SACRAMENTO, June 24.—It cost the State $326,978.29 to pass 997 bills at the last session of the Legislature, or $303 a bill, according to the official figures given out today by State Controller John S. Chambers.

The cost of printing is abnormal, and reaches the unprecedented figures of $87,218.69. This covers the cost of printing close upon 60,000,000 pages of matter, very little of which is of any value to the State or its citizens. It is regarded as clear waste and is charged to lack of knowledge on the part of the Legislators who presented defective bills that had to be amended numerous times before they were even presentable for argument on the floor of either house.

It cost almost as much to print the bills and their amendments as it did to pay the salaries, mileage, contingent expenses and the clerical help of either of the two houses of the Legislature.

The Assembly cost the State $147,053.58 for sending 466 bills to Governor Johnson for approval. The separate items going to make this large bill are as follows:

Salaries of Assemblymen, $80,000; mileage, $7,380.80; officers and clerks, $43,650, and contingent expenses, $16,022.78.

The Senate cost less, due to the fact that the upper house is composed of half as many members as the assembly. It reached the total of $92,700.02, divided as follows:

Senators' salaries, $40,000; mileage, $3,808.40; officers and clerks, $43,283, and contingent expenses, $56,619.02, making the grand total above.

COUNCIL OPENS BID FOR METAL FURNITURE

At the adjourned meeting of the city council held last evening, all members were present and the only business transacted was the opening of bids to supply the offices in the new city hall with metal furniture.

There were eight bidders, and the amounts ranged all the way from $600 up to $4500. As each bidder put in an estimate on his own particular make of goods it was impossible for the council to tell which was the lowest bid.

As a result a special committee was appointed to make a trip to the city Friday and investigate, and make a report next Monday night.

MORE RUIN IS WROUGHT BY EARTHQUAKE IN THE SOUTH

EL CENTRO, June 24.—This city was shaken again this morning by a new succession of quakes. The shocks, although not as violent as those of Tuesday night, were of sufficient force to shake down bricks in the Masonic Temple and various other buildings ruined or damaged by the series of temblors Tuesday evening.

Several slight temblors were felt last night and kept the people of the valley in a state of excitement.

Business men are energetically joining a movement to obliterate all traces of the earthquake.

"In two weeks we will not know we had anything like this," said Mayor Swanson.

Offers of financial assistance received today by the mayor were declined.

100 Buildings Damaged.

The number of buildings wrecked or damaged is placed at a trifle over 100.

Property loss is divided as follows:

At El Centro, $600,000, probably a little more; Calexico, $200,000; Heber, $55,000; other towns, including Mexicali, the little town just across the boundary from Calexico, $50,000.

The dead, all killed in Mexicali, Mexico, are:

Joseph Bach, 45, Calexico butcher; killed by falling walls.

James Pencil, 82, recently of San Diego; crushed by falling wall.

Frank Smith, violinist; crushed, died in hospital.

Two unidentified men found in ruins of home, believed to be Mexicans or Chinese.

Unidentified man, thought to be Carl Arbuckle of Los Angeles; killed by falling debris in gambling hall.

The following comprise a partial list of those injured:

Margaret Kelly, 17, Mexicali, a

(Continued on Page Four)

LOCAL SHOP DOES WORK FOR DUTCH SHELL OIL CO.

A contract for the construction of 40 "truck" tanks for the Dutch Shell Oil company of Martinez and one from the Associated Oil company for the welding of a similar number was received by the Richmond Machine and Boiler company today, the total cost of which will aggregate nearly $5,000.00.

An extra force of men who have been working both night and day on a large 18,000 gallon tank for the Dutch Shell Oil company today finished their task and it necessitated the services of ten horses to haul it to the Santa Fe depot where it was placed on a flat car and shipped to Martinez.

EYE DESTROYED BY THORNS OF CACTUS PLANT

In attempting to catch a train at the desert town of San Bernardina, O. D. Chapman of Missoula, Montana, returning to San Francisco following a trip east, brushed by a cactus plant which scraped his face and ruined the sight of his right eye.

Unable to bear the pain longer, which had become so excrutiating that he could not sleep, Chapman who had intended to seek treatment from a San Francisco specialist, left the train at the Macdonald avenue depot and sought the services of a local physician today.

Dr. C. R. Blake, to whom he applied for aid, stated that all of the eye fluid was gone, and that the pupil had been pierced by one of the cacti thorns, as a result of which he holds out little hope of saving the man's eye.

Chapman, a cattleman of Montana, had stopped off the train, to eat at a Harvey house. While eating, the train started and Chapman grabbed for his hat and coat and running across a lawn on which were several cactus plans, he accidently brushed against one of the thorny brushes.

Throughout the entire trip to this city Chapman was forced to keep cold compresses on his eye to relieve the pain.

ARMED GUARDS ARE ON DUTY

POWDER PLANTS PATROLED

Sheriff R. R. Veale today ratified the appointments of nineteen deputy sheriffs who from now until the close of the European war are to guard the plant of the Dupont de Nemours powder company at Pinole and the Giant powder works at Giant day and night.

These precautions have been brought about, stated officials of the powder companies, through the dynamiting of several boats carrying explosives to Seattle which were consigned to the Russian government.

For more than two weeks private detectives and plain clothes men have been guarding both powder plants night and day and no one but employees carrying a card are allowed to enter the powder premises.

The nineteen deputy sheriffs whose appointments were ratified by Sheriff Veale today follow: Joseph M. Feeley, captain; Lew Burns, Charles L. Haltman, M. H. Donovan, J. S. Brent, John R. Gates, T. O'Meara, W. Robinson, Charles Sandige, Geo. E. Caldwell, E. F. Carlton, Victor H. Breuner, Arthur Poole, Charles Adams, Ed Quinlan, E. F. Bernstrom, Fred H. Young, Joseph Quinlan and Fred Fairchild.

Most of the man as slated for the position of guards, are former policemen from San Francisco, Oakland and Chicago, while several of them are private detectives.

"Don't allow anyone inside the gates at any time unless they show an employe's card," is the instructions given the guards by the powder officials.

Arrangements were made late this afternoon by the Dupont de Nemours company for the construction of ten "guard houses" which the men can find shelter in during the cold nights.

On the Russian River.

Emil Esola, well known high school student of this city, left last evening for Guerneville where he will spend two weeks.

Attends Lecture.

Dr. C. R. Blake today attended the eye lecture of the American Medical Association in San Francisco.

CUBA'S TRADE WITH U. S.

According to a report of James L. Rodgers, Consul-General of the United States at Havana, the total import and export trade of Cuba during 1914 amounted to $283,000,000. Of this $164,000,000 represented the value of exported products and $119,000,000 that of imports. Imports fell off nearly $25,000,000 as compared with the previous year, the decrease being mainly in importations from the warring European nations. On the export side there was a serious falling off in the shipments of tobacco to Europe, the decrease amounting to $4,000,000, but this was more than counterbalanced by the gain of nearly $20,000,000 in the value of sugar sold to the United States, so that the total value of exports increased over $9,000,000 for the year.

The important part that the sale of sugar to the United States plays in the prosperity of Cuba is shown by the fact that during 1914 over three-quarters of the island's receipts from exported products were derived from sugar, while 87 per cent of the sugar exports went to the United States. Almost $100,000,000 worth of Cuban sugar was shipped to the American market during the year on the basis of the declared values at the port of shipment. The increase of over 200,000 tons in the exports of sugar to the United States is partially accounted for by the decrease in American production following the adoption of the Underwood tariff bill with its decrease in the duty on foreign grown sugar.

Statistics contained in Consul-General Rodgers' report show that 83 per cent of all Cuba's exports in 1914 went to the United States, while only 58 per cent of the imports were derived from the United States. This represents a gain of 6 per cent in the share of the import trade controlled by the United States, due, it is explained, to the decline of imports from Europe following the outbreak of the war.

The total value of Cuban exports to the United States during 1914 was $127,000,000. Imports from the United States amounted to $68,000,000. Thus the trade balance in favor of Cuba was $59,000,000.

The attempt of Governor Johnson and his colleagues to do away with party lines in California is but an effort to establish for the state an era of machine politics which would put to blush the old so-called Southern Pacific machine. The movement is intended to perpetuate Mr. Johnson in office and to take from any possible opponent any party power which might be arrayed against him. Mr. Johnson wants to be a United States Senator from California and he is using his present position to that end. There are others who want the same job—but that is another story.

Screw loose in the story that three Mexican generals with a million and a half peons to start a new revolution had been captured and executed. If they had that much money they were intent on getting out of the revolution game.

A SAFETY FIRST MINERAL

Asbestos is a potential lifesaver. We do not all realize, perhaps, that the fire proof theatre curtain is made of asbestos, which is rock matter but nevertheless almost as soft and pliable as cotton or woolen fabric. Asbestos has of course many other uses. Its incombustibility and its fibrous structure make it one of the most useful minerals for many and various structural purposes. It is used in making lumber, roofing, plaster, and stucco. Houses that are built largely of asbestos afford their occupants not only complete protection from fire because it is a "nonconductor," but assure them also the comfort of freedom from extreme heat and cold.

The asbestos-producing industry of the United States is growing. For many years we have been the greatest manufacturers and users of asbestos, drawing our raw material from Canada, but we are now getting some excellent fiber in our own country. The most notable feature of the asbestos industry in 1914 was the development of a new field in Arizona, which is furnishing a grade of fiber that compares very favorably with the Canadian. As the mineral occurs in the Grand Canyon it is frequently designated Grand Canyon asbestos, although the deposit in that remarkable natural wonder is not yet producing asbestos commercially. For electric installation the Arizona asbestos is even better than the Canadian product, for it contains a lower percentage of iron. Asbestos of a low grade has been produced in Georgia for many years.

According to State Controller John S. Chambers it cost the people of the state $303 each to pass 997 bills of the last legislature. We respectfully submit that they are not worth the money. Indeed, the people of the State of California can get along very well if the legislature does not meet again for eight or ten years.

The difference between the woman who tramped 500 miles to Minneapolis for a job and the average man is that the latter would have kept on tramping after that start.

It is a fairly good guess the kaiser doesn't agree with the Berlin editor who says the value of diplomatic relations with the United States is imaginary.

Hubby on the job—when his wife was on a locked up Spokane jury he smuggled their infant kid into the jury room to get its dinner from the right source.

A Jersey cop butted into a man and wife fight and is in a hospital, minus a chunk of leg and a perfectly good uniform. The lady used her teeth.

War also has its humor. Germany has demanded that Italy pay for German property destroyed in Milan by an ante-war mob.

Last word in dare-deviltry—a Canadian attacking and destroying a Zeppelin from an aeroplane, and living to tell the story.

This Date In History

JUNE 24.

1314—Battle of Bannockburn, in Scotland, Bruce defeating the huge force of England.

1340—Naval battle of Sluys, in which the French were defeated by the English, losing 230 ships and 30,000 men.

1497—John Cabot and his son Sebastian first sighted America.

1675—Opening of King Philip's War, a contest of extirpation between the New England settlers and the Indians, in which the best men of both sides were slain.

1724—Tumult in Glasgow because of tax on malt. Malt liquors were at that time deemed essential articles of comfort.

1741—Daily mail first instituted in London.

1852—First national agricultural convention assembled at Washington, with 22 states represented.

1863—General Lee and his army crossed the Potomac river.

1908—Died Grover Cleveland, twice President of the United States, aged 71.

1914—King Peter of Servia appointed his son, Crown Prince Alexander, as regent.

Congratulations To:

JUNE 24.

Earl Kitchener, secretary of war in the British cabinet, who is directing the military operations of the British Empire in the great European War, is 65 years old today. It is to Kitchener that England has turned in the dark days of the great conflict. He has done wonders on the battle field, knows the Empire and its possibilities as few Englishmen know it, knows the needs of this day of machine warfare; and not a man who knows the hero of Khartum doubts that the crowning achievement of his remarkable career is in the making. Horatio Herbert Kitchener was born at Crotter House, Ballylongford, County Kerry, Ireland, on June 24, 1850, the son of an Irish army officer. From his father he inherited the dash and fire of the Celtic fighter, and from his mother, who came of French blood, he inherited persistence and coolness. Young Kitchener was sent to the Royal Military Academy, and he entered the engineering corps of the army. After surveying in Palestine and Cyprus, he asked for more active and thrilling service, and he was attached to the Egyptian cavalry. He went with the Nile Expedition, commanded on the frontier, and commanded the Khertum expedition which brought him fame throughout the world. He led again in South Africa, with Lord Roberts, and after the return of Roberts, he negotiated the treaty of peace. Repeatedly he was thanked by Parliament and big sums were showered upon him. He was made a Viscount in 1902, and an Earl in 1914. He is unmarried, and is said to be a woman-hater. A strict disciplinarian and hard worker, he has accomplished wonders with his commands in the field, and although the present war caught England short of preparation, he is welding patiently the force which England expects will decide the campaign in Belgium and France.

Hon. George Von L. Meyer, former Secretary of the Navy, 57 years old today.

George Burdett Ford, authority on city planning, 36 years old today.

Dr. Henry C. Mercer, American anthropologist and inventor, 59 years old today.

John R. King, former commander in chief of the Grand Army, 71 years old today.

Stuyvesant Fish, banker and railway official, 64 years old today.

Thomas Ahearn, famous Canadian electrical engineer, 60 years old today.

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—*Allen Dunn, Route 1, Box 83, Pine Valley, Miss.*

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—*Charles C. Campbell, Florence, Texas.*

ACT QUICKLY

Delay Has Been Dangerous in Richmond.

Do the right thing at the right time.

Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Richmond evidence of their worth.

Mrs. Ethel C. Powers, 240 Third St., Richmond, says: "My back pained me so at night that I had to walk the floor. I had blinding dizzy spells and headaches in the back and top of my head. Circles appeared under my eyes and I had no appetite whatever. In less than two weeks I fell off in weight from one hundred and thirty-six pounds to one hundred and eleven. A doctor said I had Bright's disease. It was at this point that I began using Doan's Kidney Pills. The kidney secretions became natural and I had no more pains across my back. I regained all my lost weight. Only four boxes of Doan's Kidney Pills accomplished this wonderful cure."

(Sworn to before me this 21st day of April, 1913, E. B. Allen, Notary Public.)

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Powers had. Foster-Milburn Co., Props., Buffalo, N. Y. ad.

SHEA IS ELECTED PRESIDENT OF N. S. G. W.

Richmond Parlor Native Sons last evening elected T. S. Shea, as president of the order for the coming year. Other officers elected along with Shea were: R. W. Thrower, first vice president; W. S. Pitchford, second vice president; F. A. Middleton, third vice president; T. H. Summers, marshall; M. H. Hadley, inside sentinel; W. J. Lane, outside sentinel; F. C. Patterson, financial secretary; F. G. Smith, recording secretary; Chas. Swartout, trustee; Chris Escobar, treasurer; Dr. Hall Vestal, surgeon.

NOTED VOCALIST CATHOLIC CHURCH SUNDAY

Rev. S. F. Barron, the newly ordained priest who last Sunday sang the first solemn high mass at St. Paul's Catholic church in San Francisco, will sing high mass at Our Lady of Mercy Catholic church next Sunday.

Hundreds packed the church to its limit last Sunday to hear the Rev. Barron sing and it is thought that he will have a much larger audience at his next appearance.

PIONEER MOTHERS AT THE PANAMA EXPOSITION

It is purposed to place in the department of sculpture of the Panama-Pacific International Exposition, where it has been promised the central position of honor, a beautiful bronze monument of Motherhood in honor of the pioneer mothers of the West—those self-sacrificing women, with their little ones at their side, who braved the dangers and underwent the hardships and privations incident to pioneer life. So far as we have knowledge, this will be the first Motherhood monument of the world, and it will be reared as an expression of the love and gratitude of California's sons and daughters to the Pioneer Mothers.

It consists of a group of three figures—the mother, and two little children, in bronze, symbolizing the future and hope of the nation, mounted on a beautiful bronze plinth, the panels and decorations of which illustrate the life of the West.

A great bronze panel on the front of the base contains the following inscription, composed by Benjamin Ide Wheeler, president of the University of California: "Over rude paths, beset with hunger and risk, she pressed on toward the vision of a better country. To an assemblage of men busied with the perishable rewards of the day, she brought the threefold leaven of enduring society—Faith, Gentleness, Home, with the nurture of children."

Below the inscription is a relief map of the old Oregon and California trails to the West.

Another great bronze panel, with prairie schooner and western group, occupies the rear of the base.

At the close of the Exposition this monument will be placed in the Civic Center of San Francisco, constituting a permanent contribution to the art treasures of the State.

The cost of the monument, including marble base, is $25,000, of which more than half has been paid or guaranteed. Contributions should be addressed to Miss Caroline A. Snook, Treasurer Pioneer Mother Monument Association, office Woman's Board, Panama-Pacific International Exposition, San Francisco.

All checks should be made payable to the Pioneer Mother Monument Association, Georgiana Stoney, secretary.

A SAD MISTAKE

BEST ADVERTISING MEDIUMS ARE THE NEWSPAPERS

Joseph H. Finn, an advertising man of Chicago, told an assembly of the Associated Advertising Clubs of the World members in that city at the annual convention the other day that present day newspapers are the best advertising mediums, because they have a more gripping power—a power that should be studied by every thinking advertiser. Mr. Finn spoke of the "newspaper, the advertiser and advertising agent." He declared that advertising is the news about merchandising, and that there was nothing closer to the hearts of the reading public than the "live news concerning buying opportunity."

"I believe in the efficiency of newspaper advertising, because I have seen what it can do in such a variety of lines, covering such a divergency of propositions that the possibility of luck or accident must be eliminated from consideration."

It is the paper which publishes the true news that pays the advertiser best, the speaker said.

"Generally speaking, the best newspaper is the one which secures the best advertising," Mr. Finn continued. "And the best advertising is what helps make it the best newspaper. That is the slogan of the newspaper that hopes to win the most lasting success—the widest influence.

"I have seen almost overnight newspaper advertising and merchandising successes that would have been deemed incredible ten years ago. And the successes were solid—they staid put.

"Undoubtedly the greatest thing that newspapers can do for advertisers—for the business world, for humanity—is to spread the gospel of optimism, to chart a straight course of confidence. A newspaper that deals in unquieting rumors, that dispenses gloom and that is always on the hair trigger of uncertainty, defeats the advertiser and defeats itself.

"It is the truth that good times and bad are each largely a matter of psychology. In this respect the power of the newspaper is almost beyond reckoning. Boost and keep on boosting."

HOW WE WON OUT

WE SAW THE PRIZE AND GRABBED IT.

Everybody in town knows that we are first in getting the best of everything. Last week we received a letter from Professor Munyon showing us a plan whereby he could rush his homeopathic Remedies direct from his Laboratory into our store without losing any of their curative properties. We saw the importance of this offer and immediately sent in our order for a full line of his remedies.

We want to say that we received a letter from Professor Munyon stating that if anyone bought the remedies and they were not perfectly satisfied with results, that we were to return the money. He says, "I want you to specially push the Rheumatism Remedy in order that people may know. Find the hardest cases in town, those that Doctors have failed to cure, and get them to buy a 25¢ bottle, and if it doesn't relieve stiff and sore joints, pain in the back, side, or in any part of the body before one bottle has been used, give the people back their money." This certainly must inspire confidence as everybody knows that Munyon's Homeopathic Remedies are absolutely harmless and millions of bottles are sold every year.

He has also sent us a few hundred packages of his Paw-Paw Laxative Pills and wants us to give them away absolutely free. He says these Pills are the best stomach and liver regulator that the world has ever known. They don't scour, they don't gripe. They school the bowels to act naturally and take out of the system all the poisons and matter that irritates the nerves and causes billiousness, headache and general debility. We hope all our customers will come in and get a package.

We are also to give away a four-page sheet of music free to everybody who calls.

Van's Drug Store, 2021 Macdonald Ave., Richmond, Cal. ad.

FROM THE WEST SIDE

VISITOR AT FAIR DURING YESTERDAY.

Mr. and Mrs. Richard Cundiff of Ferry Point were visitors at the Exposition yesterday.

* * *

TO MAKE SHORT TRIP TO MOUNTAINS.

George McMullen, operator for the Atchison, Topeka and Santa Fe company at Ferry Point is planning a short sojourn into the mountains near Russian River.

* * *

TO RETURN TO HOSPITAL SHORTLY.

Miss Julia Maloney, a member of the Abbott nursing staff, who has been visiting with friends and relatives at San Pablo for the past few days will resume her studies the early part of next week.

* * *

PLANNING MOTORBOAT TRIP TO SACRAMENTO.

"Bill" Prease and several members of the marine department of the Standard Oil company are planning to make a trip to Sacramento and return in a motorboat which Prease recently purchased. The party intend leaving a few days before the Fourth that they may be at the Capital in time for the river regatta which is to be held on Independence Day.

* * *

ARRANGING FOR WATER AND RACE REGATTA ON FOURTH.

The management of the Kozy Kove Amusement park are busily engaged arranging for the Fourth of July races and motorboat regatta to be held off their beach. The day will be taken up with swimming races in which members of the Dolphin, South End and Alameda clubs will participate. It is planned to have several high diving exhibitions given by Walter Pomeroy and Geo. Bond, both members of the Olympic club of San Francisco.

CARBOY EXPLOSION BLINDS PULLMAN WORKMAN

The explosion of a "carboy" of concentrated ammonia in the "feather" room of the Pullman Car shops late this afternoon resulted in Charles E. Arkinson, residing at the corner of Cutting boulevard and Pullman avenue, losing the sight of both eyes, the members being temporarily paralyzed.

Arkinson was removed to the Abbott emergency hospital where he was treated for his injuries following which he was taken to his home.

Dr. C. L. Abbott, the attending physician, holds out hope for the recovery of the man's sight.

WILL BE TRIED ON A LARCENY CHARGE

George Carey, against whom a felony charge of grand larceny had been placed by Contractor John Word, for having attempted to steal a sewing machine from his home at 436 Thirteenth street, appeared before Police Judge William Lindsey today at which time the charge was reduced to one of petit larceny and July 6th set for his trial.

Carey is alleged to have sold the machine to Word, following which he had attempted to take it from the home in the absence of the family.

"It's all a lie," shouts Carey to the statements that he intended to burglarize the home.

A SAD MISTAKE

Do your glasses fit you? Unless your glasses are accurately fitted and the exact strength needed to correct your defect, they will be absolutely hurtful. To get correct glasses, we recommend you to see Dr. C. R. Blake, 704 MacDonald Ave., at 7th, Richmond, Cal. ad.

SPORTDOM WILL HAVE BIG TIME TONIGHT

Earl Ritchie, amateur heavyweight champion of the Pacific Coast will be the drawing card at the Seventh street arena this evening at which time he will tangle fisticuffs with Henry Hendricks, the fastest opponent which San Francisco could send out for honors.

Manager Kirby Floyd, in conjunction with the main event, has arranged several preliminaries which are to be of the slam-bang kind from start to finish.

Some of the youngsters who will tangle prior to the main go are: Ivy Johnson of West Oakland; F. Brazil, Young Butch, Kid Thompson, Edward Brown, Battling Verry and Joe Frank.

"After his battle with Hendricks this evening," stated Ritchie's manager, last night, "I intend to pit him against Colorado Jim Flynn in a ten round go at Salt Lake."

Playing both ends against the middle—the chap who gave out an interview saying the war might last three years and might end in three weeks.

Water System Normal.

LOS ANGELES, June 24.—The great irrigation system, which is the life of the Imperial Valley, is "normal" today, with few exceptions. J. C. Allison, engineer in charge, reported here today.

"My poor little family was almost frightened to death," he reported. "We are living on the lawn until things settle."

The disturbance, he said, was more severe than the one in San Francisco in 1906.

HEALTH OFFICER OF TENNESSEE ASKS FOR AID

Dr. C. R. Blake, health officer of this city, today received a letter from Dr. H. E. Lister of Nashville, Tennessee, asking for full particulars in regard to the campaign which the local physician is conducting at the present time against the fly.

The Nashville health officer stated that he was intending to commence an active campaign against the pesky house fly during the summer months.

It is doughnuts to peanuts that if Carranza and Villa stop scrapping to discuss peace some guy will start another revolution before they agree.

Grip Left Me With a Cough

If during the winter you had the grip and are still suffering from the after effects, now is the time to get rid of it. Peruna is your remedy.

A Very Bad Cough.

Mrs. S. J. Kountz, 1015 Scovel St., Nashville, Tenn., writes: "I have had a very bad cough nearly all my life. I have taken almost every kind of cough medicine, but none did me much good. I would have spells of coughing that I thought I would cough myself to death. I took Peruna, and last winter and this winter I have had no cough and I know that Peruna cured me.

"I was always thin and delicate, very easy to catch cold, but I am well now and enjoying good health. I feel that I owe it all to Peruna."

A Severe Case of Grip.

Mr. W. S. Brown, R. F. D. 4, Box 82, Rogersville, Tenn., writes: "I recommend Peruna to all sufferers of catarrh or cough. In the year of 1909 I took a severe case of the la grippe. I then took a bad cough. Everybody thought I had consumption. I had taken all kinds of cough remedies, but got no relief.

"I then decided to try Peruna. After taking five bottles my cough stopped and my catarrh was cured. Any one suffering with catarrh in any form I will advise them to take Peruna."

Homes of Distinction

Selected by Walter J Keith Architect

SWISS CHALET DESIGN, NO. D-1312

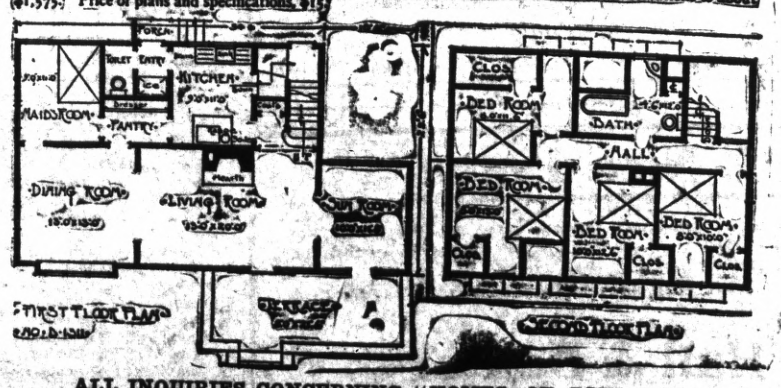
This attractive cottage has been chosen as an interesting example of the adaptability of the Swiss Chalet in modified form, for use in the suburbs of our large cities. The exterior is entirely pleasing, with the soft harmonizing textures of the brick and stucco. The eaves of the sun roof running along the front, forming a protective covering for the main entrance, and the flower box and lattice at the window give it a restful and inviting appearance.

The living room of the suggested plan lies with its broad side to the front, opening at one end through a wide archway into the dining room and at the other through a pair of glass doors to the sun room, making practically one great room. The stairway does not break into the living room but is reached through an archway alongside the fireplace. In the stair recess is a coat closet under the slant of the returning stairs, and at the side, a door opening into the kitchen. Descending from the kitchen and under the main flight is the combined kitchen and outside cellarway, which does away with the troublesome outside trap door. Connecting with the kitchen is the entry with space for ice-box and from which opens a separate toilet room. Leading from the pantry is the maid's room. Should it be desired, however, this would make a very pleasant breakfast room.

The plan is compact and economical in arrangement. The kitchen range and the fireplace occupy the same chimney, and the plumbing of the kitchen and bath are all in one line.

There are three bedrooms and bath on the second floor. The irregular shape of the rooms invites many interesting decorative effects and the window alcoves suggest window seats, and could be provided with curtains hung for drawing.

A full cellar is provided under the main part of the house and contains laundry and cold-storage room. The estimated cost of this house, exclusive of heating, plumbing, electric work, and decorations is about $1,575. Price of plans and specifications, $15.



ALL INQUIRIES CONCERNING "HOMES OF DISTINCTION" WILL BE CHEERFULLY ANSWERED BY SIMPLY ADDRESSING "HOMES OF DISTINCTION DEPARTMENT," RICHMOND RECORD-HERALD.

Robert Warwick in "THE DOLLAR MARK" at the Richmond Theatre

JOHN Q. BLACK TO RETURN HOME ON SATURDAY

T. R. McClure received a letter this morning from J. Q. Black, the real estate man, that he would return either Saturday night or Sunday afternoon. He started from the home of his parents in Winona, Minnesota, yesterday morning at 7:10 o'clock and if he makes close connections will arrive here Saturday evening. If, however, he is compelled to lay over at Astoria for a day to secure steamer accommodations he will be just that much late in returning home.

Mr. Black reports to his friends here that he has had a very pleasant visit and that the weather while he was in Minnesota was all that could be hoped for. But for all that, he says the country east of the Rocky Mountains cannot compare with California, either in climate or productiveness and he will be glad, indeed, to be back again in God's own country.

LAST DAY OF BRADY MASTERPIECE AT RICHMOND

Tonight will see the final showing of the great Brady masterpiece "The Dollar Mark" at the Richmond theatre in which Robert Warwick, America's foremost actor has the leading role. The story is one of a great financial battle in which Jim Gleason, mine owner, defeats Carson Baylis who endeavors to gain possession of his mine by unfair means. The story includes a terrible battle with the waves of an angry flood in which Jim and Alice Chandler float away down the torrent on a broken door and are finally rescued by Jim's friend, Martin.

"Lotta Coin's Ghost" is so excrutiatingly funny that the audience is kept in laughter all the time. Ham is sure a funny fellow and his antics have become a great favorite with the theatergoers of Richmond.

A two reel Biograph drama will also be presented entitled "The Americano," a tale of old California.

U. C. COURSE TOO LARGE PRESENT QUARTERS

Once more the University Extension Division of the University of California has grown out of house and home.

So great has been the expansion of its work that the department must move from its present quarters in the University Library to the top floor of the administration building, California Hall, where it will occupy exactly twice as much room as heretofore. This is the third time in two years its growth has forced it to find enlarged quarters.

More than 3400 people have enrolled for correspondence courses during the past two years. At the present moment, although the middle of summer, 2,000 people are actually at work in correspondence courses. Among the varied subjects in which correspondence instruction is now being given by the University Extension Division are English, Mathematics, Electrical Engineering, Mechanical and Freehand Drawing, Bookkeeping, Accounting, Stenography, Typewriting, Spanish, French, Italian, German, Chinese, Latin, Political Science, Education, International Law, Commercial Law, Architecture, General Biology, Anthropology, Oral and Dental Hygiene, and Household Economics. Also, the Department of Agriculture is at the present moment, when the farmer is busiest, giving instructions to ten thousand correspondence students in eighteen different farm subjects, from pigs to poultry, from figs to alfalfa.

Another rapidly expanding part of the work of the department has been the University Extension classes, of which more than 120 have been conducted during the past year, in many different California towns. Besides the classes, some fifty lecture courses have been given, all over California. The Bureau of Public Discussion has organized very effectively co-operation between the University Extension Division and high school and other debating clubs. The Bureau of Information and Municipal Reference has proved of service to municipalities, counties, school districts, and other public units throughout the state.

Governor Johnson has now signed an appropriation bill by which the State for the first time makes specific provision for University Extension work, $20,000 a year, or double the amount heretofore set aside by the Regents from the general fund for the university.

SERVICES AT STEGE TO CLOSE THIS EVENING

The Rev. Frank Dickson who has been holding evangelistic services at Stege Presbyterian church, Stege, during the past ten days, will conclude the services this evening.

However, he will preach again, delivering his final address next Sunday morning.

Parents desirous of having their children baptized, can present them for baptism at this service.

A free will offering for the Board of Home Missions will be taken. Thus all can show an appreciation of the work done by their Synodical Evangelist, the Rev. Frank Dickson.

Whirlpool SANITARY DISHWASHER

SEE WHAT SCIENCE HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer

saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation

is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleansing, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

Can be purchased on easy payments. Write for our plan.

Sent prepaid, returnable at our expense within ten days, if not exactly as represented.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which dashes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and cleansing them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a dishpan of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

HEADACHE STOPS, NEURALGIA GONE

Dr. James' Headache Powders give instant relief—Cost dime a package.

Nerve-racking, splitting or dull, throbbing headaches yield in just a few moments to Dr. James' Headache Powders which cost only 10 cents a package at any drug store. It's the quickest, surest headache relief in the whole world. Don't suffer! Relieve the agony and distress now! You can. Millions of men and women have found that headache and neuralgia misery is needless. Get what you ask for.

SWEDISH-AMERICAN DAY AT SHELL MOUND PARK

The Swedish National Day will be celebrated under the auspices of The Swedish-American Patriotic League of California at Shell Mound Park, Emeryville, Saturday, June 26, 1915.

The Midsummer Queen elected is Miss Esther Gustafson, "Svea" will be represented by Miss Beda Berg and "Columbia" by Miss Emelie Monson of Oakland. They will be attended by 4 Maids of Honor.

The music and singing will be under the direction of Professor Axel Pihlstrom. There will be national dances around the May-pole by the Swedish Dancing Club under the direction of Miss Allie Anderson, and singing by the United Swedish Singers of the Pacific Coast.

Mr. Emil Hogberg will lead the Parade as Marshal of the Day. The speakers will be the Commissioner-General of Sweden Hon. P. R. Bernstrom and Harry Mentzer, President.

The decorations will be elaborate as usual and an immense May Pole will be raised at 3 o'clock signalizing the start of the program in the open air.

The Swedish-American Patriotic League consists of delegates from all the Swedish Societies around the Bay and a large crowd of visitors from all over the state and from the East are expected.

Gates open at 10 a. m. Dancing will continue until 11 p. m.

The Swedish-American Patriotic League has done most active work in securing the participation of Sweden at the Exposition and it also started the subscription movement whereby a fund of $25,000 was secured for the Swedish Exhibition at the Panama-Pacific Exposition.

WOMEN WHO ARE IN THE NEWS

Ann Arbor, Mich—A mother and daughter will each receive an earned degree from the University of Michigan tomorrow. Mrs. Louise Crandayy of this city, will receive the Master of Arts degree, while her daughter, Miss Adele Crandall, takes a Bachelor of Arts degree.

One of the most interesting ceremonies in the college world was carried out by the girls of the senior class last week. At the senior breakfast, each engaged girl of the class was in honor to arise, bow and eat a piece of lemon. This ceremony of acknowledging that she has "drawn a lemon," is not always comfortable, but the "guilty" girls went through the ordeal, and an annual number this year ate the conventional sour fruit.

New York—The suffrage campaign fund provided in the will of the late Mrs. Frank Leslie, known as the Baroness de Bazus, will reach $1,300,000, and the suffrage leaders are rejoicing over the fortune that has come to them. The only barrier in the way to turning over the entire amount to Mrs. Carrie Chapman Catt is a suit brought by sons of the late Frank Leslie. The suffragists will get part of their campaign "barrel" at once, and every scheme for its legitimate use in furthering woman suffrage will be tested out.

Washington—The "Belle of Equador," Miss Maria Angelica Carbo, daughter of the late Ecuadorean minister to the United States and Mme. Carbo, is engaged to marry a Baltimore lawyer, Willis S. Jones. The engagement has been announced by Madame Carbo, and the wedding will take place early in the autumn.

Washington—Miss Margaret Wilson and her cousin, Helen Woodrow Bones, are expected to leave for the summer White House today. They will open up Harlakenden House at Cornish, N. H., and will be joined by Mr. and Mrs. Francis B. Sayre, with the baby, Francis Sayre, for a part of the summer. Mrs. William G. McAdoo and her baby daughter, Ellen Wilson McAdoo, also is expected to visit Cornish, although the McAdoos have a summer house in the Adirondacks. The President will not join the ladies of his family except for brief week-ends, it is said.

Chicago—That the services of a dentist to his fiancee during the period of the engagement constitute a labor of love, and therefore payment cannot be collected, is the decision of a Chicago judge in a recent case. The dentist sued his former fiancee, who is a pianist in a moving picture house, but the judge laid down the principle that his work was done for love and not for money.

Minneapolis—This city has developed a young feminine genius, who has conquered the arts of manual training, has made a complete set of furniture for her bedroom, and now seeks new world to conquer. "Domestic science is no study for me," declares Miss Birdie Kraft, "I want to do something that permits you to see the results of your work. In domestic science you eat the results of your work." Miss Kraft has completed her high school course and plans to take up mechanical engineering in the University of Minnesota.

Chicago—When Miss Caryl Cody, said to be the most popular co-ed of the University of Chicago, is married today to Carl Pfanstiehl, she will wear a wedding gown that matches the titian hair of her new husband. All of her trosseau has been made of material harmonizing with the groom's hair. The bride won high honors in college, and completed a four-year course in three. The ceremony will take place today at the home of the bride's grandmother, and the newly-weds will show the tasteful matching of gowns and hair at the San Francisco Exposition.

RECEPTION IS GIVEN TO POPULAR TEACHER

Members of the Junior, Intermediate and Epworth Leagues of the Wesley Methodist church joined forces last evening in tendering Miss Nina E. Moody, a prominent church worker a farewell party in the church parlors.

During the evening's affair Miss Moody was presented with a beautiful leather traveling bag, the presentation speech being made by the Rev. Frank Linder, pastor of the church.

Miss Moody will leave Friday afternoon for Lodi where she is to teach in a grammar school at that place.

HERB DOCTOR MAKES SPECIAL OFFER TO DISCOURAGED SUFFERERS

MANY HAVE BEEN CURED BY THESE WONDERFUL HERBS.

To convince the most doubtful, we will give to any one mentioning this announcement, a seven days' treatment of herbs at half price. At the end of this trial you will be able to judge for yourself just how efficient this herb treatment is. We have letters of thanks for cures on almost every known disease. These letters from local and out-of-town sufferers are open for your inspection at our office.

Dear Doctors Chan and Kong:

I wish to write and add my testimonial to the many you have already received. When you diagnosed my case of rheumatism correctly by merely feeling my pulse I was indeed surprised, but the remarkable results which followed your treatment were even more surprising, as I had been treating with other doctors without relief, and they all said it would take five years to cure me, if it could be done at all.

Being a self-supporting widow I was heartsick, as I saw no hope ahead. The day I came to see you at the urgent request of a friend who knew of your good work, I had to go out and buy a large pair of shoes, as my feet were so swollen from rheumatism that I could not walk in ordinary shoes.

After six days of your herb treatment I had no swelling, and a day or two later I walked nine blocks with no trouble, and the swelling did not return. I never before had any hope that I would be cured, as I believed what other doctors told me, so you may imagine my delight, at having my rheumatism cured. I remain

Yours very truly,
(Signed) MRS. E. ALLARD,
212 Thirteenth avenue, E. Oakland, Cal.

Stop suffering—come at once and consult (absolutely free) these leading Chinese Herb Doctors. No matter what your disease there is hope of speedy recovery. Doctors Chan and Kong are located at 901 Clay, Cor. 9th street, Oakland, Calif. advt.

MOXHAM'S STOCK TURNED OVER TO ATLAS

A curious but eminently logical phase in the transfer of the Giant Powder company to the efficient hands of Webster and his associates of the Atlas Powder company developed yesterday in the shape of a telegram to Sutro & Co., of San Francisco, from the Eeastern management of the Atlas. It was as dynamite as any product now being turned out by either powder company—war munitions included. Briefly, it is stated that A. J. Moxham had disposed of his holdings of Giant Powder stock to the Atlas company for a consideration unnamed. It will be recalled that A. J. Moxham was the original booster of Giant, and that his option to buy two-thirds of the stock at 110 was the culminating cap that caused the big explosion. Unfortunately for Moxham and his Aetna company, Webster of the Atlas got busy and Charles Sutro, backed by as efficient an office force as exists on this coast, held the control of Giant locked away in his strong box before Moxham and his coadjutors had fairly dipped their pens in the ink wells.

However, Moxham obtained one single trophy to dangle from the main pole of his wigwam—Louis F. Monteagle's block of 1,440 shares of Giant. He paid $110 a share for them. What he got for them from the Atlas Company is quite another matter. At the present prices of Atlas common and preferred this Giant stock figures out nearly $118 a share—with the end not yet in sight.

TO THE PUBLIC

I wish to state that I have no partner and anyone soliciting patronage, claiming to be my partner, is making a false claim.

An Electric Washer Means Real Saving

IT MEANS A SAVING IN CLOTHES, time and money. There is no rubbing and scrubbing as in the old way. The saving in wear and tear on clothes will really pay for the Electric Washer in a short time. An Electric Washer will wash even the most delicate fabrics quickly and thoroughly without harm. And think of the enormous saving in time. (From 5 to 7 minutes will wash an ordinary tubful absolutely clean). Then you run them through the electric wringer and hang them up to dry. Simple, isn't it? Inexpensive, too.

NUSBAUMER OBJECTS TO PERMISSION BEING GIVEN

The Castro Point Railway and Terminal company—one of eight corporations operated in the neighborhood of Richmond by Blake Brothers, the quarry men—did not enjoy yesterday altogether easy sailing for its application for leave to issue $89,000 in stock. When Commissioner Loveland of the Railway Commission opened the hearing, and it was discovered that the projected railroad is to run two miles across a peninsula from Winehaven to a wharf near Richmond, E. Nusbaumer of Reed, Nusbaumer & Bingham of Oakland was on his feet, voicing three objections to the granting of the petition. Here they are:

1. That the petitioning company was never properly incorporated, because Gunther, one of the alleged incorporators, was a "dummy."

2. That the corporation is not really a public utility, but a private enterprise intended primarily to ship the product of Blake Brothers' quarry by means of a wharf owned by the Richmond Wharf and Dock Co., which the Blakes are seeking to condemn.

3. That by reason of these facts, the Railroad Commission has no jurisdiction; but that "Blue Sky" Commissioner Carnahan might have jurisdiction.

According to Nusbaumer, A. S. MacDonald, his client, incorporated as the Richmond Wharf and Dock company, owns large tracts of tide land near Richmond, and Anson S. and E. T. Blake own 203 acres of quarry land, as well as other real estate, in the neighborhood. The Blakes, as Nusbaumer told it, entered into an agreement with MacDonald to fill in his tidal flat and build a wharf, within five years from 1906. They built the wharf, but did not complete the contract with regard to filling in the flat, within the specified time. In 1911 Blake Brothers incorporated the Castro Point Railway and Terminal Company, and, said Nusbaumer, "are trying to take my client's wharf away from him."

E. T. Blake, vice president of the railroad company, said that of the total trackage of two miles, about one-half had been built. F. B. Griffiths of McCutcheon, Olney & Willard appeared for the petitioning company.

SHORE BOULEVARD TO BE INSPECTED

This afternoon a committee from the Commercial Club of the west side with representatives of the realty firm of McKenzie and Hoag, are going over the proposed route for the bay shore boulevard which when completed will extend from the southern portal of the new Municipal tunnel to the Standard Oil cut, and will be one of the most scenic drives about the bay.

The committee who were selected at the club's meeting last evening to make the inspection trip were W. S. McRacken, H. W. Wernse and Councilman R. L. Fernald.

R. R. Dietzel, connected with the Municipal Improvement company, stated to the members of the Commercial Club last evening that his company could commence work on the new boulevard by July 1st, and would rush the thoroughfare through to completion within a very short time.

New members who were taken into the club last evening were: S. P. Aravanite, F. S. Snell, William Ellis, C. E. Allen, E. M. Tilden, J. C. Korn, Chris Machado, J. B. McKenzie and C. H. Hogg.

BIG ATTRACTION AT PANTAGES THEATER

Richard the Great, the monkey who made a man out of himself and then tried to make scrap iron out of Manager Cornell's new automobile, still continues to draw big crowds to the Pantages theatre in Oakland this week. His act is as good as his auto driving; and that's good. He is the only serious monkey, incidentally on the stage today.

There are other big attractions on the bill this week—in fact it has been the biggest bill in weeks. Manager Cornell has a resolution from the Oakland newsboys, most relentless of critics, to prove it—and when a newsboy says a bill good, the bill is a marvel. Any vaudeville manager will testify to that.

Winona Winter, clever little soubrette and ventroloquist, is making one of the biggest hits in her vaudeville career this week. She has traveled all the "big time" circuits and has an act of rare charm.

"Barnes and Robinson" is the other name for the Tiny, Tuneful Tots whose act is one of the charming bits on this week's Pantages bill. The manikin revue is another act of merit—a neat bit of mechanical artistry, and a clever acrobatic act is also a star feature.

One of the big acts of the bill is "Conscience," the gripping sketch of Rodney Ranous and one of the best dramatic offerings the Pantages has ever seen.

Manager Cornell played host this week to the Oakland newsboys, and also played hero in rescuing Richard the Great from a speeding automobile. Outside of that he planned a bigger and better show for next week, and something special, outside of the regular Pantages Circuit acts, is promised. It's a secret yet; but it's something no one will want to miss. Watch for further announcements, he says.

Leaves for East.

Mrs. Mary Brown, prominent member of the Hui Umi club of this city, left today on the "Chicago Limited" via the Sunset Route to her home in Jamieson, Missouri, where she is to spend several weeks.

RICHMOND GIRL IS WED TO ELDORADO FARM OWNER

Wednesday afternoon at 3 o'clock, Miss Vera W. Gillson, of Richmond, became the wife of Virgil W. Strickland of Eldorado. Rev. Frank Linder, pastor of the Wesley Methodist Episcopal church, performed the wedding ceremony in the presence of the immediate relatives of the bride and groom and a few friends. The wedding occurred at the George Chippendale home on Bissell avenue.

Mr. Strickland owns a ranch near Eldorado and after a few weeks' trip, which began soon after the ceremony, they will be at home there.

PROPERTY OWNERS MUST CLEAN UP

Fire Chief Roy LeMoine has issued orders to all property owners to cut the grass and weeds surrounding their homes prior to the Fourth, lest fireworks cause a fire.

Attempts will be made by the chief to have a firing squad burn the grass on the many vacant lots in the business section of the town.

SENT MONEY FOR HER TICKET, BUT FORGOT SHE'D NEED CLOTHES

When Harriet's aunt in New York invited her to come on for the summer she inclosed a money order large enough to buy the ticket. If it had only been about $30 or $40 more, Harriet wouldn't have had a moment's doubt about being able to go. But she didn't see how she could ever find the money to buy all the new Clothes she would need for such a trip.

She was just sitting down sadly to answer her aunt's letter and say "No," when a friend happened in who knows all about CHERRY'S CREDIT SYSTEM. Of course, it wasn't long before Harriet was confiding her disappointment—and then she heard THE WAY OUT.

Harriet spent a blissful morning in CHERRY'S exquisite shop yesterday, and she's all fitted out now with a new Suit and a Coat and all the other dainty Summer things she wanted. On each garment she paid a small amount, arranging easy installments for the rest.

CHERRY'S have two stores in Oakland, one for ladies at 515 Thirteenth street and one for men at 528 Thirteenth Street. In San Francisco they have two stores, at each of which they have garments for both men and women. One store is at 1009 Market street and the other is at 2400 Mission street. ad.
